

# SHAKER MI II 350

**New Compact Size in  
Shaker MI II Series!**  
Fits perfectly in your hand!

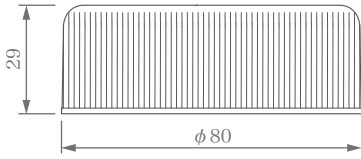

We've added a compact size to the popular Shaker MI II series, which emphasizes user experience with features like the easy-to-open/close cap, ergonomic design for a comfortable grip, and a drinking-friendly mouth. The cap is available in two different ribbed design options for you to choose from.

The caps are available in two colors: white and black. While it is possible to create customize colors, please note that there may be limitations for certain shades. If you have specific color preferences, please contact us.

Shaker MI II 350

Bottle material: PP  
Molding method: injection stretch blow

## Wide-mouth Design

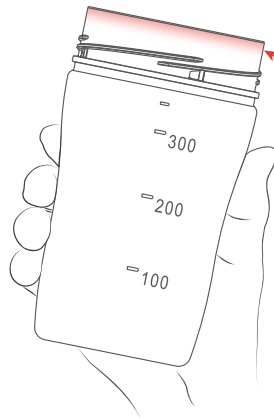

Even large spoons can be used with ease.

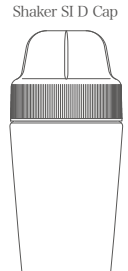

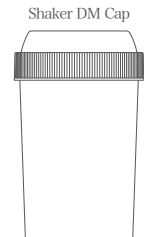

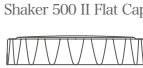

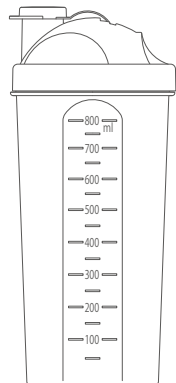

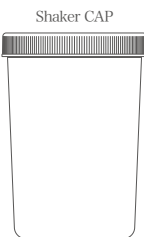

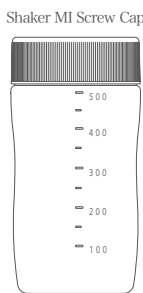

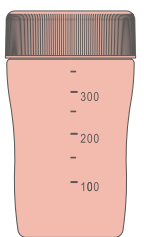

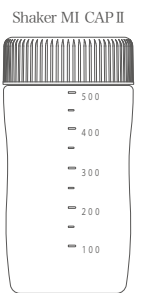

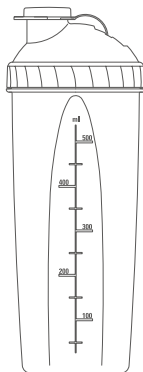

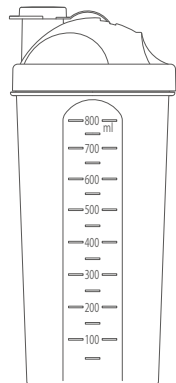

Maintaining a distance between the mouth and thread ensures a comfortable drinking experience.

## Design Fits the Hand

The gentle curved design makes it comfortable to hold.
