

# TRE-300/500

Trigger spray bottles  
with a comfortable  
grip are now available.

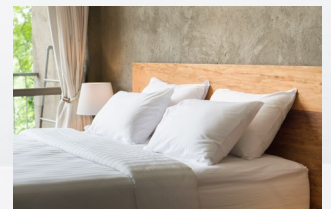

T-705-C231-3 Spray

Surface disinfection  
& sanitization

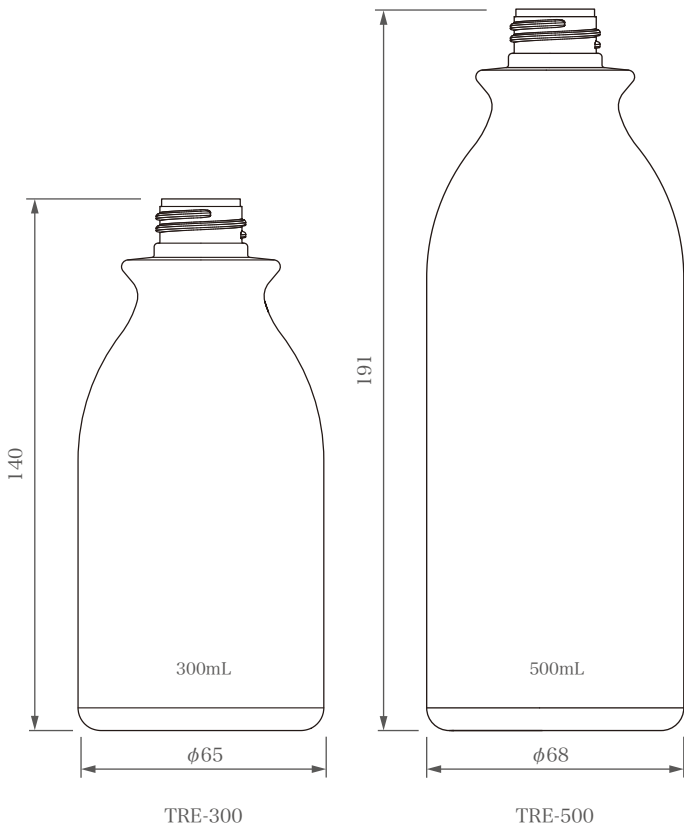

Deodorize and  
freshen clothes

The shape of the bottle makes it fit comfortably in the hand when using the spray. There are two different capacities, 300ml and 500ml, for various applications such as for sanitary products, home care products, etc. The bottle is made with 30% plant-based biomass PE, making it an eco-friendly, sustainable product.

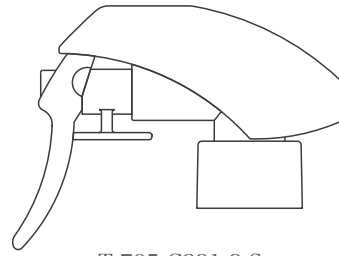

# TRE-300/500

A bottle for exclusive use with a trigger spray.

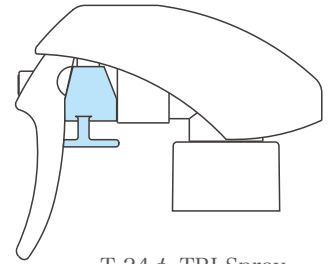

Material : Biomass PE  
Molding method : EBM

NEW

T-705-C231-3 Spray  
Spray dose : 0.7CC

T-24 φ TRI Spray  
Spray dose : 0.3CC

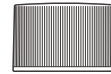

We have added a new trigger spray option with a higher mist output.

## Easy-to-use and functional design

The easy-to-use design makes the bottle fit comfortably in your hand.

## Replacement Screw Cap

P -27CAP

The gently-curved design makes it comfortable to hold.

## Containers made with plant-derived raw materials

These containers are made with biomass materials in which molasses from plants (sugar cane etc.) is used as a raw material so that the ethylene used in the production of the resin is bio-based.

## Selected PET bottles for use with a trigger spray

PET material bottles are available now in various capacities and shapes.
